The purpose of the question listed above is to give the Town Board of Supervisors an idea of how the taxpayers feel about appropriating additional levy dollars to the expansion of the Library. The Three Lakes Public Library Foundation has raised approximately one million dollars and has an expansion plan of approximately 1.9 million dollars. The Library is seeking your support by asking the taxpayers to fund the additional dollars needed to complete their expansion. The answer to the question listed above will provide the Town Board with valuable information. A special meeting of the electors may be held for an actual vote on the construction and financing for the entire project.
