INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall state his or her name and address, show an acceptable form of photo identification and sign the poll book before being permitted to vote. If an elector is not registered to vote an elector may register to vote at the polling place serving his or her residence if the elector provides proof of residence. Where ballots are distributed to electors, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth and cast his or her ballot except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

Where **optical scan** voting is used, the elector on referendum questions, shall connect the arrow next to "yes" if in favor of the question, or the elector shall connect the arrow next to "no" if opposed to the question.

Where **touch screen** voting systems are used, the elector on referendum questions, shall touch the screen next to "yes" if in favor of the question, or the elector shall touch the screen next to "no" if opposed to the question.

The vote should not be cast in any other manner.

If an elector spoils an **optical scan** ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initialed by two inspectors or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place. After casting his or her vote, the elector shall leave the voting booth, properly deposit the ballot and promptly leave the polling place.

The elector may spoil a **touch screen** ballot

at the voting station before the ballot is cast. Not more than five minutes time shall be allowed inside a voting booth. Sample ballots or other materials to assist the elector in marking his or her vote may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked. After casting his or her vote, the elector shall leave the voting booth and properly deposit the ballot.

After an official **optical scan** ballot is marked, the elector shall then insert the ballot in the voting device, or deliver the ballot to an inspector for deposit. The elector shall leave the polling place promptly.

After an official **touch screen** ballot is marked, the elector shall leave the polling place promptly.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing or understanding English or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the elector's employer or an agent of that employer or an officer or agent of a labor organization which represents the elector.
